EDMONTON, ALBERTA

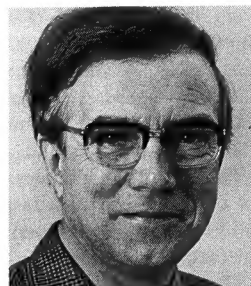

MARCH 8, 1973

Seneca, counsellor to Nero, confers with two senators in the Canadian premiere of Monteverdi's "The Coronation of Poppea," presented this week by the Departments of Music and Drama. The opera was first performed in Venice in 1642. It focuses on the highly emotional personal relationships of Nero, the emperor of Rome.

APPOINTMENT

FRANZ H. VITOVEC, Professor and Acting Chairman of the Department of Mining and Metallurgy, has been named Chairman of the new Department of Mineral Engineering. The department will replace Mining and Metallurgy and Petroleum Engineering, but the three disciplines will retain their distinctions within the department. The formation of the new department has been attributed to the peaking of the oil industry and the resurgent development of Alberta's mining industry. Dr. Vitovec was educated in Vienna and has been on staff here since 1965. His appointment, approved March 2 by the Board of Governors, will become effective July 1, 1973.

VOLUME NINE, NUMBER THIRTY-FIVE

GALBRAITH AWARD WINNER NAMED

GARY PARK, senior municipal government reporter for the *Calgary Herald*, has been chosen to receive the 1973 Dr. F. P. Galbraith Award.

The award was established in November, 1971 on the recommendation of the University Senate, in memory of the late F. P. Galbraith, former Chancellor of this University and Publisher of the *Red Deer Advocate*. Its purpose is to enable an Alberta working journalist to attend this University as a special student for one winter session.

Mr. Park was born and educated in New Zealand. He worked on his hometown newspaper and later became a sports writer for a morning daily. In 1967 the New Zealand Journalists' Association selected him sports writer of the year. In 1968 he emigrated to Canada and began work as a city hall, labor, and business reporter at *The Albertan* in Calgary. He then moved to the *Herald* as city hall reporter and columnist.

It was the city hall beat that sparked his interest in urban planning and its effects on citizens. He plans to study the geographical and sociological aspects of urban planning, and the politics of urban government.

The winner of the 1972 Galbraith Award was GORDON MONTE KEITH, Editor and Publisher of the *Sedgewick Community Press*.

REVIEW COMMITTEE SEEKS OPINIONS

The following notice has been received from JOHN NICOL, Secretary to the Board of Governors.

As provided for in the resolution of the Board of Governors which established the office of University Ombudsman, the Board

has appointed an Advisory Review Committee consisting of representatives from the constituent bodies in the University. This committee has now held its first meeting.

The committee members plan to ask the groups which they represent for their views on the office of University Ombudsman at the end of 18 months of operation. The general questions to be answered are:

1. Should there continue to be a commissioner of investigations as an officer of the University, and called the University Ombudsman?
2. Have the methods and philosophy of operation of the current University Ombudsman met the expectations of staff and students when the office was established?

Since the Advisory Committee hopes to report to the Board by the beginning of May, replies are requested before March 16, 1973.

Replies may be made to Mr. Nicol, as Secretary to the Committee, either in person or in writing.

Full-time members of staff are also full members of AASUA, which is recognized by the Board of Governors as the negotiating agent for staff with respect to salaries and fringe benefits. Part-time and sessional members of staff, by becoming associate members of AASUA, can align themselves with an organization that is in a position to advise them on their present rights and working conditions. Associate members' fees are \$2 per year. The AASUA office is located in 355C General Services Building, telephone 432-4391.
